PROFESSIONAL SUMMARY

Data Scientist with **5 years** of experience delivering enterprise-scale AI, ML, forecasting, optimization, and GenAI solutions across automotive, e-commerce, fintech, and marketing domains. Experienced in building scalable AI systems using Python, PySpark, BigQuery, Vertex AI, and Agentic AI workflows to drive measurable business impact.

TECHNICAL SKILLS

- **Programming:** Python, SQL, PySpark
- **AI/ML:** XGBoost, NLP, Transformers, BERT, LLMs, Vertex AI, Agentic AI, Google ADK
- **Cloud & Big Data:** GCP (BigQuery, GCS, Vertex AI), AWS (S3, EMR), Hadoop
- **Tools:** GitHub, GitHub Copilot, Claude Code, Codex, OpenCode, VS Code Agentic Framework, Git, Jira, Confluence
- **Visualization:** Tableau, Power BI, Plotly, Adobe Analytics

PROFESSIONAL EXPERIENCE

Data Scientist | Ford Motor Company | Chennai, India | Aug 2025 – Present

- **Warranty Forecasting & Cost Optimization:** Developed AI-driven warranty forecasting and actionable cost optimization models using Python, PySpark, BigQuery, Vertex AI, and GCP workflows.
- **Warranty Glidepath Budget Optimization:** Delivered model-based recommendations optimizing annual warranty glidepath budgeting by 5%, reducing projected costs by \$450M from a \$5.3B baseline.
- **Agentic AI & Statistical Mentorship:** Contributed to enterprise Agentic AI adoption while mentoring teams on experimentation and statistical methodologies.

Data Scientist | Purchasing Power | Chennai, India | Jan 2023 – Jul 2025

- **Proactive Defaulter Prediction System:** Built an XGBoost-based risk prediction system achieving 89% accuracy with 3% false positives for proactive financial risk mitigation.
- **Pricing Optimization & MMM:** Developed price elasticity, seasonality, and Marketing Mix Modeling (MMM) solutions for 34K+ SKUs, improving pricing decisions and digital marketing ROI by 25%.
- **NLP Sentiment Intelligence:** Led NLP and LLM-driven sentiment analysis initiatives using BERT and Transformers while mentoring 30+ employees on applied statistics.

Statistical Analyst | Ipsos MMA | Bengaluru, India | Jul 2017 – Jul 2018

- **MMM & MTA Analytics:** Built Marketing Mix Modeling (MMM) and Multi-Touch Attribution (MTA) solutions for FMCG, CPG, and retail clients.
- **Leadership Recognition:** Promoted to Account Manager responsibilities within 4 months based on high-impact analytical delivery.

EDUCATION

- Winter School of Deep Learning (WSDL 2025) | **Indian Statistical Institute (ISI), Kolkata** | 2024 – 2025
- **M.Sc. in Statistics** | University of Calcutta | 2015 – 2017
- **B.Sc. (Hons.) in Statistics** | Ramakrishna Mission Residential College | 2012 – 2015

ACHIEVEMENTS

- **Ford GDI&A Collaboration Award (Q4 2025):** Recognized for developing the Warranty Glidepath Budget Optimization Model contributing to \$450M projected annual warranty cost reduction.
- **Star Award (Q2 2024):** Awarded for successful deployment of in-house Marketing Mix Modeling solution.
- **DST INSPIRE Scholarship (2012–2017):** Awarded by Ministry of Science & Technology, Government of India.
